SPOTLIGHT ON MDRPS

‘Movie on the Mount’

Our ‘Movie on the Mount’ drive-in movie experience last Friday night was another successful community event. It was definitely a family activity that brought the school and wider community together. In particular we would like to say thank you to Belinda Loone, who arranged the sponsorship with Villawood and to the small, but dedicated organising committee members who arranged the movie and stalls. Thank you to the parents & staff who assisted on the night, many hands certainly do make light work. The event raised approximately $6500 for our school, this amount is yet to be finalised.

CONGRATULATIONS TO THE RAFFLE WINNERS:

- 1st prize - Signed Geelong Cats Guernsey ~ Tom Burchell
- 2nd prize - Entertainment Book ~ McManus Family
- 3rd prize - 4.5kg Toblerone Choc Bar ~ Carlly Adler

THANK YOU to all our sponsors and the following families who contributed to the night in many varied ways either by assisting with - their time, painting, cooking and organisational skills, obtaining and/or donation of food or items for use on the night. Thank you to everyone involved:

⇒ We are sorry if we have left your name off this list but please let us know so we can include you in next weeks newsletter.

Before School Care

I have had a few parents ask about a Before School Care service, if you are interested and would use a Before School Care service, please fill out the form and return it to the office by Monday, 1st September.

☐ Yes, I am interested in a Before School care services. I would use it on;

Days:________________________________________________________________________

Name of Students: _____________________________________________________________

Parent’s signature: ____________________________________________________________

Student Illness

We know that when you put a large amount of students together we are going to have germs spread. To assist in limiting the spread, could you please keep sick children home or have them treated by a medical practitioner. It would also assist to reduce spreading germs by teaching children to cover their mouths when coughing or sneezing and to wash their hands regularly.
To our all of sponsors
